Activities that Both Occupations Have in Common		Similarity of Focus Occupation to Associated Occupation: 90
Focus Occupation: Registered Nurses (29-1111) Associated Occupation: Obstetricians and Gynecologists (29-1064)		
Work Activities	Exclusivity of Activity	
Administer injections	60	

Administer medications or treatments	46
Collect clinical data	56
Communicate technical information	4
Conduct patient assessments	69
Deliver babies	95
Follow dental or medical office procedures	68
Follow infectious materials procedures	52
Follow institutional care procedures	80
Follow life support procedures	81
Identify body response variations	57
Interpret medical laboratory test results	72
Make presentations on health or medical issues	50
Obtain information from clients, customers, or patients	40
Order medical laboratory tests	76
Prepare patient reports	66
Recognize childhood diseases	78
Record medical history or data	68
Take vital signs	56
Treat medical condition of patient	75
Understand properties or composition of drugs	64
Understand technical operating, service or repair manuals	6
Use clinical problem solving techniques	69
Use counseling techniques	60
Use interpersonal communication techniques	10
Use knowledge of investigation techniques	16
Use knowledge of medical terminology	40
Use research methodology procedures in health care	63
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 79

Focus Occupation: Registered Nurses (29-1111)

Associated Occupation: Obstetricians and Gynecologists (29-1064)

Tools and Technologies	Exclusivity
Acute care monitoring units and related products	22
Blood pressure units and related products	11
Computers	1
Content authoring and editing software	1
Electrocardiography EKG units and related products	20
Emergency medical services resuscitation products	15
Endoscopes and accessories and related products	37
Industry specific software	1

Information exchange software	1
Intravenous and arterial tubing and administration sets and related products	22
Intubation supplies	21
Laboratory microscope slides and supplies	20
Medical gloves and accessories	19
Medical staff clothing and related articles	17
Medical tissue closure and related products	47
Medical ultrasound and doppler and echo imaging products	19
Medical weight scales	35
Network applications software	1
Neurological exam products	30
Oxygen therapy delivery systems and devices	13
Patient beds and accessories	30
Pulse oximeters	18
Scopes and specula and accessories for medical exam diagnostic use	23
Specimen collection and transport containers and supplies	14
Stethoscopes and related products	14
Surgical clamps and forceps and surgical ligators and related instruments	29
Surgical cutting instruments and snares and related products	24
Surgical equipment and accessories and related products	23
Surgical retractors and related products	43
Surgical textiles	62
Suture and related products	23
Suture and surgical tissue closure instruments and related products	33
Syringes and accessories	14

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
